1. Introduction

There are various types of restaurants in Tokyo where has the most restaurants listed in the Michelin guide in the world. Especially Ramen (Japanese noodle) is a unique and a representative food of Japan which is strongly recommend for foreign tourists.

Its taste and style are completely unique in each restaurant, I strongly recommend trying several restaurants when foreigners visit to Tokyo. But there are a lot of Ramen restaurants anywhere in Tokyo. This research will show which location in Tokyo is convenient to stay and enjoy Ramens.

The central area of Tokyo is divided into 23 special wards (called “Ku”). This research only focuses on the 23 special wards area, and compares each ward.
